As a research analyst for Decision Innovation Solutions, Brittni helps develop, manage, and analyze data and solutions to assist clients in making informed and strategic business decisions.

Brittni received a bachelor's degree in International Agricultural Economics from Alcorn State University in Lorman, Mississippi. She also earned a master's degree in Agricultural Economics from Purdue University in West Lafayette, Indiana.

As a graduate student at Purdue University, Brittni taught an agricultural communications course, worked as a graduate assistant for the Office of Graduate Diversity Initiatives, and conducted research with her thesis committee focusing on food insecurity in West Lafayette, Indiana at a local food pantry. Brittni also has previous research experience in international and domestic agribusiness and agricultural economics through internships and graduate research.
