

Mary Thomas

Administrative Assistant

As an Administrative Assistant for Decision Innovation Solutions, Mary provides excellent office support by coordinating meetings, scheduling calendar events, greeting visitors, communicating with clients and partners, and providing administrative support to our staff.

Mary and her husband Joel, live on an acreage in Dallas County. Along with a small farming operation, they are owners of Crossroads Ag in Dallas Center, Iowa.

After retiring in February 2019 after 39.5 years as a Senior Accountant for Iowa Farm Bureau, Mary took a few months off to travel, spend time with 6 grandkids and catch up on life. When the grandkids went back to school Mary decided she wanted to do more with her free time so we are fortunate to have her working part-time at DIS!
