Education

John Brown University
Entrepreneurship and Finance
Bachelor's Degree May 2022

Areas of Expertise

- Data Collection
- Report Writing
- Gathering Market Intelligence
- Development of Presentation Materials

As an Research Intern at Decision Innovation Solutions, Colby Richardson is responsible for assisting with data collection and report writing, gathering market intelligence, and development of presentation materials. In this role, he will assist DIS team members to meet client's needs.

Growing up in central Iowa, Colby gained an appreciation for agriculture through spending time working on his family's farm. Growing up, he worked with a combination of animals including pheasants, chickens, and horses.

Colby is currently attending John Brown University in Siloam Springs Arkansas, and is majoring in Entrepreneurship and Finance. Colby will receive his bachelor's degree in the spring of 2022. At John Brown, Colby has served as the VP of Project Development with the Enactus club. Through this experience, he has developed skills in researching, reporting, and presenting information to business professionals from companies like Walmart and Tyson Foods.
